(Verse 1)

From the day that we met, you remain true to our
friendship and I just want
To say thank you for being there with me, because you
always knew how to
Light up my soul.

As we strive to reach our dreams, we brought hope in
each other's destiny
You put your faith in my soul and that gave me the
strength to become
Stronger.

We always know what's best for the other, that's why
this trust can't ever
Break and we are very loyal like a king and motivated
me to become
Something better than I was before.

(Chorus 1)

You bring intense joy to my life, the words you said
motivated me to become
Something positive and it has lifted my spirit.

This darkness I once held is gone and my new self-
confidence is shining on
The inside, because of you. Thank you for inspiring me
and boosting up my
Self-esteem. You are my angel of happiness that
brightens up my day, with a
Smile.

(Verse 2)

Don't let these obstacles in front of you, stop you.
Never give up on who
You want to be, just live your life in happiness.

Stop being shy, it won't get you nowhere in life. Just

socialize and find a
True friend, who understands you. You smile at me and
that makes me do the
Same on the inside. You inspired me and I inspired you.
I love you for who
You are and you love me for who I am.

(Chorus 2)

You bring intense joy to my life, the words you said
motivated me to become
Something positive and it has lifted my spirit.

This darkness I once held is gone and my new self-
confidence is shining on
The inside, because of you. Thank you for inspiring me
and boosting up my
Self-esteem. You are my angel of happiness that
brightens up my day, with a
Smile.
