(Verse 1)

Yo we are back again one,  
more time you ready lets go.  
hey we all miss you so much,  
your the one that we need in,  
this world so how could this be,  
why did they take you away from us,  
it's just not fair lets say a prayer,  
before we go to sleep,  
nothing seems right anymore,  
because your not here,  
standing next to me,  
it's so hard to let go,  
of what happen to you,  
But I can't live on with that,  
the pain eats me alive and,  
I can't denie the gulit that I feel,  
your spirit must walk within me,  
everywhere I go because,  
that's how I know your in me,  
if I could just hear your voice,  
one more time,

you are my savior protector,  
and we must break their evil,  
sins away before it's too late,  
god bless to all of our love one's.

(Chorus)

Bless my soul,  
please bless our souls together,  
our souls will be blessed tonight,  
your soul must be blessed,  
we gotta bless our souls now,  
we just got our souls blessed,  
please bless us right here,  
it's time to get blessed,  
bless me,  
bless my soul.

(Verse 2)

We were the victims,  
who cried in between days,  
we are the victims,  
and we deserve justice,  
light the candles release your,  
inner soul from who you are,  
it's us against the world who will,  
you choose to be in your life forever,  
now I am alone in my dreams,  
with nothing to hold what,  
could I do to bring you back,

and look at what they done to us.

(Chrous)

Bless my soul,

please bless our souls together,

our souls will be bless tonight,

your soul must be bless,

we gotta bless our souls now,

we just got our souls bless,

please bless us right here,

it's time to get bless,

(Repeat)

bless me,

bless my soul.

bless my soul,

bless me,

bless my soul,

bless me,

bless my soul,

bless me,

bless my soul,

bless me,

bless my soul,

bless me,

bless my soul,

bless me,

bless my soul,
