(Verse 1)

I started rhyming and,

spitting,

at the age of fifteen,

now know I got haterz in,

between,

this paranoia is beating the,

goodness outta me,

until I can't breathe another,

thing,

I'm getting to that money,

when switching dough over,

my flow while spending,

checks in banks,

just still robbing crooks for,

change,

It doesn't make sense,

how it came to be,

gotta dominate the chorus,

after going into my next,

rebirth.

(Chorus)

Cream team is taking over,  
the city,  
while psychsicko120 is,  
running the streets with this,  
song right here because,  
Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me.

(Verse 2)

Hey yo look at them fools,  
trying to playa hate,  
even though they are gonna,  
lose,  
can't skate,  
so don't ever think about,  
copying my sick swagga,  
or jigging in bapes like me,  
Punk still breaking all yawms,  
right down to the floor,  
because that's how,  
we let ya know by feeding on,  
drugs,  
yeah snitches keep on,  
talking before you get pop,  
straight through your chest,

Oh if those jerks can't spit,  
they might get lit,  
here comes the flames,  
started burning like a,  
firecracker,  
I ain't done yet with my,  
verses,  
because I be dropping words,  
beneath the surface,  
when rhyming quickly,  
You people are saying that,  
my lyrics,  
don't make sense to,  
anything,  
so what the heck is wrong,  
with ya'll,  
I am telling every fake out,  
there,  
don't step to me,  
if ya do you might get beat,  
with my fist,  
I am just jiggalatin around,  
your town,  
and plus I got them,  
haterz jocking on this,  
vocabulary slang.

(Chorus)

Cream team is taking over,

the city,

while psychosicko120 is,

running the streets with this,

song right here because,

Cash rules everything around me,

Cash rules everything around  
me,

Cash rules everything around me,

Cash rules everything around me.

(Verse 3)

Yo I just came to grab my,

mic,

after spiting all those rhymes,

because I am the next top,

greatest mc that you will,

ever see,

still dropping verses outta,

your mouth,

Don't even dare try to step,

to me,

right now,

because you're gonna be,

blackout in a minute,

so fucked up when these,

bitches are talking that,

bullshit,  
but niggas keep playa hating,  
on me,  
Like I'm crazy,  
yo retards better stand back,  
from us,  
suckas,  
as we rise to fame and glory,  
But damn I stay getting,  
money,  
when getting them hoes,  
if ya don't know,  
go ask our dawgs.

(Chorus)  
Cream team is taking over,  
the city,  
while psychosicko120 is,  
running the streets with,  
this song right here because,  
Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me.

(Verse 4)  
Trying to test me,  
when putting your face in dirt,  
digging up yo grave,

after my rebirth,  
dang bouncing against them,  
bloody skills,  
that we have learned,  
through,  
the hard working days,  
Steady tippin,  
when yo girl is popping off,  
all of those weenies,  
scare ass tramps are fake,  
until proven guilty,  
But get down on your knees,  
don't be looking for hazey,  
in the sky,  
because you will be,  
smoking tree ties.

(Chorus)

Cream team is taking over,  
the city,  
while psychosicko120 is,  
running the streets with this,  
song right here because,  
Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me.

(Verse 5)

Yo hold on I just came up,  
in this thang,  
to claim my unspeakable,  
fame,  
because probably around a,  
few months,  
I will be your next,  
top bad dog,  
Talking with that chorus,  
coming through ya mind,  
and plus I got them verses,  
under my chest,  
but we still got a lot of,  
earned respect around your,  
streets,  
So you better watch out,  
because I'm gonna knock,  
your freaking lights out,  
because I am unbreakable.

(Chorus)

Cream team is taking over,  
the city,  
while psychosicko120 is,  
running the streets with this,  
song right here because,  
Cash rules everything around me,

Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me.

(Verse 6)

These playa haterz ain't,  
steady tippin on my level,  
trying to get this money,  
from my crazy honeys,  
but smoking is twice as hard,  
if ya pumping puff through,  
the mid air,  
Now suckas watch me bring,  
that sound to the top,  
when I create success along,  
the way.

(Chorus)

Cream team is taking over,  
the city,  
while psychosicko120 is,  
running the streets with this,  
song right here because,  
Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me,  
Cash rules everything around me.

(Verse 7)

Yo let me blow your damn,

brains out now,  
because my style is too,  
fucking insane,  
but watch us damage,  
your face,  
right off the door,  
and my niggas know,  
how we put shit down,  
like everyday,  
So what the hell,  
do you want from me,  
probably this is where,  
the moment ends after all.

(Chorus)

Cream team is taking over,

the city,

while psychosicko120 is,

running the streets with this,

song right here because,

Cash rules everything around me,

Cash rules everything around me,

Cash rules everything around me,

Cash rules everything around me.

(Verse 8)

Bitch get off this click,

just trying to get on my level,

then spearing every hoe,  
that you see,  
though but step the hell,  
away from me,  
before I break,  
and drop your motherfucking,  
face nigga,  
Because all you suckas,  
better watch out now,  
because I am going,  
alittle bit,  
crazy,  
so damn,  
these jerks wanna hate,  
on that swagger I got,  
nah yo I ain't playing no,  
more,  
and these fools can't even,  
roll a twizz like us,  
Or smoke some squares,  
when our time comes,  
because all we fucking do,  
is get high everyday,  
looking at the haze in the,  
freaking sky,  
But still capping back guns,

for ammo like a real damn,  
gangsta would.

(Chorus)

Cream team is taking over,

the city,

while psychosicko120 is,

running the streets with this,

song right here because,

Cash rules everything around me,

Cash rules everything around me,

Cash rules everything around me,

Cash rules everything around me.
