I am your Dabbawala
And I want to feed you
I can be your lover like a deer who longs for water
I can be your dabbawala if you keep me warm

My journey is long and winding
I fear I might spill my treasure

'cause I am your Dabbawala
And I want to be part of you (Dabbawala)

I am your Dabbawala
And I want to feed you
In the promised land it tastes like milk & honey
I'll be your Dabbawala and dwell in your soul

My journey is long and winding
I fear I might spill my treasure

'cause I am your one love
I can fly like a peaceful dove
