(Verse 1)

Let me tell you how pretty you are to me,

You're my baby so I can't live without you,

My heart always stops whenever she's around me,

I feel sparks flying in the air when you're by my side,

When she is around me I would do anything to make  
her happy,

That girl took my heart away when I seen her,

I really do love you and I can't live without her in my  
life,

I wish I had the bravery to ask her can she be my only  
special girl.

(Chorus)

I love you with all my heart,

Stay with me and don't let go,  
My baby said goodbye for the first time,

I like the way you were smiling at me,

Becoming happy is very blissful,

I am intoxicated with a lot of love for you,

I will find that special someone,

Emotional showdown.

(Verse 2)

I fell in love with you at first sight,

And it might sound crazy to you,

But it's true baby I want to be the guy for you,

I will be there for you

whenever you need me to be,  
So please give me a chance,

To show you how I feel about you,

How can I be happy knowing that,

You are not feeling this way toward's me,

Now I walk with some forgiveness.

(Chorus)

I love you with all my heart,

Stay with me and don't let go,  
My baby said goodbye for the first time,

I like the way you was smiling at me,

Becoming happy is very blissful,

I am Intoxicated with a lot of love for you,

I will find that special someone,

Emotional showdown.

(Verse 3)

This heart will only beat for that special someone,

Will she ever know that she is the one,

A secret my heart desires,

Come bring me to life with these fires,

Of passion with love and fate,  
Your all I want,

So please give my heart some faith,

I always know what to say to

make her feel so amazing,

When I just really like you.

(Chorus)

I love you with all my heart,

Stay with me and don't let go,  
My baby said goodbye for the first time,

I like the way you was smiling at me,

Becoming happy is very blissful,

Intoxicated with a lot of love for you,

I will find that special someone,

Emotional showdown.
