(Verse 1)

Sacrifice my goodness until I am scared and lonely
again,

Heart jerking when we all bleed to death and watch us
die,

Real soon with body's lying on the cold ground,

The fear I have is inside of my body and I see it
through my eyes,

Unbearable thing's will happen to me if I don't do
anything about it,

Using every rising tension because those people hurt
me bad,

Hope that holocaust persecution is gone or else you will
be frightened of me,

Bringing a lot of terror to your city but I kept that
monstrous feeling,

Maybe I could just release it on you.

(Hook)

The evil monster keep's bringing me back to my old
mean way's,

It just won't stop until the fear of paranoia leave's my
heart,

Why is this death coming toward's me for the first time
over a year,

I don't need your love for my secret obesession
because it's the hatred that is haunting me in my sleep
again,

I don't need so get out my life and leave me alone
forever.

(Chrous)

Nothing can't stop me now as I change myself from
good to bad maybe it's just my evil sins,

Nothing can't stop me now as I change myself from
good to bad maybe it's just my evil sins.

(Verse 2)

Looking sad when girl's don't hug me or talk to me so
that's the freaking reason why im turning this way for,

But still depressed after growing up in a hard life,

Mournful memories of my future is stressing me again
from feeling sorrowful toward's everybody,

Nobody is unenthusiastic in this fraud world,

Nazis enemies are defeated by the destruction of our
deadly focus warriors,

Doleful expression's I show on my crazy face,

Your just a desolate person who shame's the whole
humanity.

(Hook)

The evil monster keeps bringing me back to my old
mean way's,

It just won't stop until the fear of paranoia leave's my
heart,

Why is this death coming toward's me for the first time
over a year,

I don't need your love for my secret obesession
because it's the hatred that is haunting me in my sleep
again,

I don't need it so get out my life and leave me alone
forever.

(Chrous)

Nothing can't stop me now as I change myself from
good to bad maybe it's just my evil sins,

Nothing can't stop me now as I change myself from
good to bad maybe it's just my evil sins.

(Verse 3)

Terrorized victim's are screaming their tear's out,

Petrified into something ugly that I became,

Dismay any friend's who don't care,

Just terrified if I see scary demon's in my sleep,

So shocked to see the way you been treating me,

Horried dreaded emotion's we keep in our daily
soul's,

Complete bad deed's without making wrong decision's
probably there is more wicked solution's in me,

Wishing malevolent on other's who dislike me and the
thing's I do,

Thinking sinful now because nobody doesn't wanna be
my friend,

I have been intimidated before so don't pissed me off
or I will have you sidelined in the hospital for week's to
come.

(Hook)

The evil monster keep's bringing me back to my old
mean way's,

It just won't stop until the fear of paranoia leave's my
heart,

Why is this death coming toward's me for the first time
over a year,

I don't need your love for my secret obesession
because it's the hatred that is haunting me in my sleep
again,

I don't need it so get out my life and leave me alone
forever.

(Chrous)

Nothing can't stop me now as I change myself from
good to bad maybe it's just my evil sins.

Nothing can't stop me now as I change myself from
good to bad maybe it's just my evil sins.

(Verse 4)

Unacceptable action's I did to these fake's poser's of
liar's,

The gory stained violence is ticking away,

Got danger all around so it is impossible to forget
every insufferable lie that was told,

Evildoer's don't ever double cross me because I will
give you a gruesome repugnance beating,

Racist figure's with a pandemonium disorder that
caused chaos,

I hate not having that special someone by my side to
holded.

(Hook)

The evil monster keep's bringing me back to my old
mean way's,

It just won't stop until the fear of paranoia leave's my
heart,

Why is this death coming toward's me for the first time
over a year,

I don't need your love for my secret obsession
because it's the hatred that is haunting me in my sleep
again,

I don't need it so get out my life and leave me alone
forever.

(Chorus)

Nothing can't stop me now as I change myself from
good to bad maybe it's just my evil sins,

Nothing can't stop me now as I change myself from
good to bad maybe it's just my evil sins.

(Bridge)

The kiss of death is knocking on the door when our
life's fall apart right through the floor,

Because I won't let it control my thought's if the evil
doe's I will not be able to handle my paranoid anger,

Or the pressure that's inside of me.

The kiss of death is knocking on the door when our
life's fall apart right through the floor,

Because I won't let it control my thought's if the evil
doe's I will not be able to handle my paranoid anger,

Or the pressure that's inside of me.
