(Verse 1)

Yo yo yo here I go swinging the bat over my nuts so many ho's trying to jock on me damn bitch better be gone because my rhymes are infected with diseases,

Then I got a lot of haters who are acting like me okay let me show them niggas that my dougie is fresher than yours,

Catching some swagga in the air while pimp slapping those fake suckas guess what motherfucker I don't need nobody because,

My fist are sweet like this tea when we blow sugar honey off ya ass so quick like dust,

Some don't see that my dawgz are cutting off all yawms.

(Dance steps)

Step to the right,

Slide to the left,

Crank it and yank it side to side,

Do some silly moves on the floor,

Bounce back 4 times,

Step forward 2 times,

Snap yo fingers to the beat,

Get real jiggy with it and clap them hands at  
The same time,

Get in a stance,

Pat both knees if you can,

Cris cross five times,

Hop around 3 times,

Just break dance and lean your body.
