Jump off a ledge boy you a crazy man kills got dealies
shot up billy prevent a suicide double take them cops at
the station crack open homicide cases test gangwars
out on the streets some hands smell like gunpowder,
short split blood check out my stains grabs folks hook
snatch crabs thigh gem slabs get to brawl so we could
bash someone's face in with a steel pipe any criminal
will play prison chums. Homicidal maniac, represent
homicidal maniacs, beat up some homicidal maniacs,
walk with homicidal maniacs, catching homicidal
maniacs in shelters, homicidal maniacs don't do
anything, I am a homicidal maniac, homicidal maniac.
