In my mind I'm running for the door  
The fields are green and through blue skies I soar  
Electric blue shock it brings me back  
Hear my mind fry and crack and I can't take this  
anymore

I can no longer see the colors I pluck off of the tree  
The words they dry up on my tongue  
The song it says it can't be sung  
Why are you doing this to me

Why you laughing  
Why you hurting  
Oh no I found her there

In my mind I'm an eagle in the air  
Grandfather he's the bear  
Dance around the firelight  
Pass the pipe all through the night  
Grandfather is that you there

Take away my soaring feather  
Tie me down with straps of leather  
Stick my feet in the pool  
Send the pain up my spine  
Make me lose what's inside  
Take my pride and watch me drool

Why you laughing  
Why you hurting  
Oh no I found her there

This time yeah you've gone too far  
My mind is black and it's scarred  
It's in the earth inside the bag  
Bury me somewhere out in back  
And write the time down on the card

Why you laughing  
Why you hurting  
Oh no I found her there

I found her there
