(Verse 1)

Yo guess who had failure with friendship's and
relationship's because thing's like this won't go away,

So well when it alway's lead's to broken trust or lies
also if you like and love that special someone,

Who is really close to you don't let them go.

(Chorus)

Everything that we had,

Once before is all gone,

Because it will never be the same again,

Without you my baby.

(Verse 2)

Just keep them in your heart until your ready to decide
because you already know,

Once they leave your life,

Break up with you,

Or dump you by any chance,

Everything that ya'll had will change you forever,

Or it will never be the same again.

(Chorus)

Everything that we had,

Once before is all gone,

Because it will never be the same again,

Without you my baby.

(Verse 3)

I am the only one who was deceived and cheated on by
everybody,

Because they never understood how I felt all these
years,

Just let it all go and move on with your simple life.

(Chorus)

Everything that we had,

Once before is all gone,

Because it will never be the same again,

Without you my baby.
