(Verse 1)

My endlessly crush I had is all gone,
Because you wasn't the one for me,
As I let the pain go,
I don't ever wanna feel this way again,
I am just another brokenhearted kid looking for a
friend that care's,
Always miserable being lonely in my room without
anybody to hold,
Got so much desperation when I was trying to get your
attention.

(Hook)

Let me kill you right now,
I am not ready to fucking die,
Taking the last breath before I go.

(Chrous)

It's time to commit suicide,
(This is life after death),
It's time to commit suicide,
(I got nothing else to live for).

(Verse 2)

Apprehension anxiety is something else that we all
must give in,
There's martyr in everybody's soul so just let it be war,
I am always in conniption's for some reason,
Plagued by ravage ambition's of tantrum outburst.

(Hook)

Let me kill you right now,
I am not ready to fucking die,
Taking the last breath before I go.

(Chrous)

It's time to commit suicide,
(This is life after death),
It's time to commit suicide,
(I got nothing else to live for).

(Verse 3)

Why is my suffering breaking me apart everyday,
I become really nervous trying to give you a hug,
But the dreaded agony is ripping my happiness out,
Showing sorrow expression's on my face,
I am never a failure at what I do,
This is only the beginning,
I felt like crying when I got my heartbroken twice.

(Hook)

Let me kill you right now,
I am not ready to fucking die,
Taking the last breath before I go.

(Chorus)

It's time to commit suicide,
(This is life after death),
It's time to commit suicide,
(I got nothing else to live for).

(Verse 4)

Spreading tension against you racist punk's,
Just keep beating yourself,
Into the significance hatred,
Person that you are today,
Falling in love is another addiction for me,
Mannerism is what I want in my life.

(Hook)

Let me kill you right now,
I am not ready to fucking die,
Taking the last breath before I go.

(Chorus)

It's time to commit suicide,
(This is life after death),
It's time to commit suicide,
(I got nothing else to live for).

(Verse 5)

Impulsive word's that I might say can't explain
anything,
Very unspoken so please just let my voice be heard,
Breathtaking emotion's stay by my side,
And never let me go away,
These uncontrolled issues will leave you reckless
forever,
About to release that violent anger on myself,
All those people that I see right now are not sincere,
Eager to find out will they ever like me for who I am.

(Hook)

Let me kill you right now,
I am not ready to fucking die,
Taking the last breath before I go.

(Chrous)

It's time to commit suicide,
(This is life after death),
It's time to commit suicide,
(I got nothing else to live for).

(Verse 6)

Frustrated with your secret sacred love,
That I had in my heart once before,
Don't even know how to control my bitterness temper,
Animosity is insided this system of mine,
When it's killing your fate down to the ground,
Stop the internal pain from reaching my tragic sin's,
Raging berserk action's is enough,
Still need more paranoia,
Careless figure's going around,
Just pretending to be trusted.

(Hook)

Let me kill you right now,
I am not ready to fucking die,
Taking the last breath before I go.

(Chrous)

It's time to commit suicide,
(This is life after death),
It's time to commit suicide,
(I got nothing else to live for).

(Bridge)

They never understand who I am on the inside,
Stop all the criticizing and be real toward's me,
Do you believe in the word's that I say,
Probably this is the end for my special talent,
Every dream and hope I had is now crushed,
I put so much feelings and emotions into it,

I am the raddest dude who has just gone bad,
With no simple attitude,
Feeling sad for you pathetic people,
Only make's me more mad,
I got hatred love that travel's through the cold,
This is a true story so will it ever be told.

(Hook)

Let me kill you right now,
I am not ready to fucking die,

Taking the last breath before I go.

(Chrous)

It's time to commit suicide,
(This is life after death),
It's time to commit suicide,
(I got nothing else to live for).
