The unavoidable kiss with a minty fresh death breath is sure to outlast this catastrophe dance with me cause you got the poison baby I'm your remedy, do you know how much I love this girl and does she know I will walk through hell for her, nice to know she was just another one of those girls, I hate to say it but I told you so told you if you left that you were gonna be miserable, guess she don't like me then or else you wouldn't be gone. I only wish that she was mine forever leave me alone because I am going crazy for you, why won't this strange feeling go away now leave me alone because I am going crazy for you, I wanna get back together with the love of my life leave me alone because I am going crazy for you, you're the reason why I cry so much in this sleep leave me alone because I am going crazy for you, leave me alone because I am going crazy for you, just please leave me alone because I am going crazy for you now.
