(Verse 1)

Let me know what you wanna,
do,

because I fell in love with,

someone,

in school,

my best start is to put first,

things first,

oh well what is happening today,

I am gonna miss this day,

so much,

and if I love you baby,

what would you say to me,

anyway probably I ain't,

gonna,

judge for nobody,

because your the one,

that I really need in my life,

but staying by your side,

is what keeps me alive,

for real who likes me,

and wants to go out,

when it feels so disturbed,
around everybody,
say I don't want it anymore,
cause I dried my eyes,
and I realized I deserve,
somebody that will treat me,
right,
so fuck off bitch,
and I'm crying,
it's so damn pathetic,
but guess who is single,
and still not fucking happy,
though I don't wanna be,
awake anymore,
I don't feel so good,
it hurts so bad,
watching you love someone,
else again,
when I love you so much,
I know am filled,
with emotions right,
and I hope it rains because,
your the perfect lullaby,
what kind of dream is this,
I'm dieing every second,
every minute,

I think of you,
and think about how much,
I love you,
but your the voice,
I hear inside my head,
that is the reason,
I'm singing wow I love you,
so much baby,
someone got up on the
wrong,
side of the bed,
see this what amazes me,
smack that ass,
take me down,
just kiss me right now,
now behind this smile,
there's a whole world,
crashing down,
feeling bad for myself,
can't believe I had this,
dream,
I hope it doesn't happen to,
me,
you're so hypnotizing,
you've got me laughing,

while I sing,
you've got me smiling,
in my sleep,
and I can see this unraveling.

(Chorus)
It's hard to know that were to,
close together,
loved to long,
loved to long forever,
You got to know I don't,
wanna,
let you go,
loved to long,
I don't like this,
loved to long,
loved to long.

(Verse 2)
If I tell you I love you,
can I keep you forever,
I can't believe you did that,
don't know how to feel,
how come when I let,
someone in,
I get a broken heart,
scream to be heard,
like you needed anymore,
attention,

please stop spreading these,
rumors about us,
back at home,
I heard the bad news,
because everything you did,
for me,
was a freaking lie,
so what the hell is your,
problem,
fear is stronger than love,
you're staying that is great,
because I really want you,
so much you stole my heart,
from the beginning,
I didn't even ask for it back,
but I decided you can keep it,
but I just died in your arms,
tonight,
ok that's good,
if it didn't hurt then it means,
it wasn't true as always,
so I don't have to feel bad,
now,
when one door closes,
many more opens,

I would buy you the world,
with that smile,
I get it you win already,
and why am I like this,
I'm tired and sore I can't wait
till I fall asleep,
whispers hello I miss you,
quite terribly I'm gonna,
make you bend and break,
as always my life is now,
ooh paparazzi shawty,
with a hottayy,
it's the life you dream,
I hate when you just,
walk away,
if you could see that I'm the,
one,
who understands you,
been here all along,
so can't you see that life,
isn't always as it seems,
people aren't always as nice,
as they appear,
I hate goodbyes but maybe,
it's time for us to say,
goodbye,

come back I miss you,
love so much forever,
and eternity baby,
yeah they better,
get my name straight,
if you can't handle me
at my worst then you sure,
as hell don't deserve me,
at my best everyone's,
a let down,
it just depends on how far,
down they can go I guess,
I really did lose a friend,
and you make everything,
so perfect but I been thinking,
about you all night.

(Chorus)

It's hard to know that were to,
close together,
loved to long,
loved to long forever,
You got to know,
I don't wanna,
let you go,
loved to long,
I don't like this,

loved to long,

loved to long.

(Verse 3)

I really need you in my life,

I really do love you,

please believe me,

all this leads,

to is disappointment,

doesn't mean I'm afraid,

I encourage the competition,

I'm here without you baby,

but you're still on my lonely,

mind,

I think about you baby,

and dream about you,

all the time,

love has been the target,

of my desire,

is sick of all the mind games,

damn it's so fucked up,

how you could know,

someone almost your whole,

life,

and they could diss you,

for someother person,

damn I wish shit was the,

Same,
as it used to be,
why would I go hard,
when this shit is so fucking,
easy searching only,
for myself,
well I gotta work on,
let's say by thinking,
before I say something,
usually I say things,
that don't mean anything,
it would affect others,
and you should do the same,
shit you can't trust nobody,
in this bitch ass dumb world,
and as I said before it's,
really,
over between us for good.

(Chorus)
It's hard to know that were to,
close together,
loved to long,
loved to long forever,
You just got to know,
I don't wanna,
let you go,

loved to long,
I don't like this,
loved to long,
keeping loved to long inside,
broken our loved to long,
like that this is so sad to me,
I am sorry but I gotta go,
away,
because my loved,
was to long for this bullshit,
your the best for me,
and I never want to lose you,
for that loved to long,
I want you to want me,
loved to long,
I need you to need me,
loved to long,
I love you to love me,
loved to long,
I am beggin you to beg me,
loved to long,
loved to long,
will end tonight,
loved to long,
is coming back,
loved to long.
