(Intro)

This is how unrequited love,

Crumbles apart.

(Hook)

This is the place,

Where we begin to cry,

Because there ain't enough,

Space,

For us to embrace.

(Verse 1)

I kept everything bottled up,

Inside,

So how can I let go,

When it's been here all this,

Time,

But until then my devotion,

For you is burning up,

In a flame,

Soon, the revelation of this,

Frustration will unfold,

The sadness I seek is fading,

And now my emotions are,

Changing,

I refused to invite the,
Rejection of my own anxiety,
Saying goodbye was the,
Worst thing for me to do,
Rapidly, my euphoria is,
Leading me to depression,
And it has been haunted me,
In my sleep,
If the bitter unconditional,
Enchantment isn't there,
It could be a painful,
Experience,
Even though the tears are,
Flowing,
I can just sit in the dark,
All alone,
And process my grief,
Away from you,
Together, we were blinded,
With temptation,
So why did you break my,
Heart,
After this I was left crying,
And brokenhearted,
But over the years,

It kept building up inside,
More and more,
So I had to get it off my chest,
When the water washes,
Down my desire,
It is consumed by eagerness,
Despite that I didn't get,
Much in return,
My search for the perfect,
Someone didn't turn out,
Exactly as I thought it would,
Be,
I came to realize that you,
Shattered the window of my,
Emotion,
But until then,
Your love will justify my pain.

(Chorus)
Because I have been,
Deriving all of,
My happiness out,
And now I am in unrequited,
Love,
Undoubtedly my expression,
Is dry,
Can't it be unreal,
How you betrayed me,

So after all of this,

I'm moving on and letting go.
I've admire everything about,

You,

But now the fever is turning,

Into shame,

If I ever despise your,

Kindness,

Will I be the one to blame,

The letter I wrote for you,

Is fasciated with so much,

Wonder,

Or could these words be a,

Mystery for you to solve,

But until then,

I'm moving on and letting go.

(Verse 2)

Probably this is the new,

Beginning of our friendship,

Ever since I fell in love today,

It's been nothing but trouble,

As I watch the rain fall down,

I'm getting emotional now,

Just thinking about you,

Isn't it astounding that what,

We had before is gone,

It's like the words,
I say to you,
Is meaningless,
Simply it's the fact of,
My rhyme,
That makes you want to stay,
And be mine,
But I tried to get you to feel,
The same way,
Also it's like me and you,
Are so close,
But I know when time gets,
Hard for us,
We can pull through it,
Together,
No matter what,
The challenge is,
When I met you,
I knew my affectionate crush,
Was gonna break inside,
Because it seemed like you,
Didn't even have any interest,
In me,
So despite all of the,
Sympathy,
It will make no difference,

Now,
Because all I need is one,
Wish,
To bring you closer,
Nonetheless, I'm sorry for not,
Being there,
When you need me to be,
I wasted everything just,
To be with you,
Still my relationship is,
Running out the door,
So I gotta go and catch it,
Before it ends today,
It never going to change,
Now your answer was,
Finally clear,
So I will respect it,
Out of our friendship,
No matter what,
Because everything is left,
Unsaid,
Well eventually, I lost all of,
My chances,
But endlessly, your my,
Attachment and I can't let,

You go,

So until then this breaking,

Heart can't never be,

Replaced.

(Chorus)

Because I have been,

Deriving all of my happiness,

Out,

And now I am in unrequited,

Love,

Undoubtedly my expression,

Is dry,

Can't it be unreal,

How you betrayed me,

So after all of this,

I'm moving on and letting go.

I've admire everything about,

You,

But now the fever is turning,

Into shame,

If I ever despise your,

Kindness,

Will I ever be the one,

To blame,

The letter I wrote you,

Is fasciated with so much,

Wonder,

Or could these words be a,
Mystery for you to solve,
But until then,
I'm moving on and letting go.

(Bridge)
I will use this love,

Metaphor,
To describe the dedication,
Of our friendship,
Because possibly I won't,
Have a chance with you,
But everything is for the best,
Still it's time for me to let,
You know how I really feel.

(Verse 3)
As you fantasize about every,
Dream of us being together,
Will it justify your behavior,
In the morning,
I am losing my mind over you,
And all you ever done,
Was pushed me away,
As always,
Where did my smile go,
I never expected this,
To happen,

So can you explain it to me,
Yeah I know this don't make,
Sense,
But I am feeling all alone,
Still I can't even pull your,
Affection away,
Because every time I looked,
At you,
You would just annoy me,
And look away for some,
Reason,
Also I am working on gaining,
More independence for,
Myself,
Have you ever been in a,
Situation,
Where you loved somebody,
And they didn't prefer you,
Back,
Well I don't know why but,
I'm sure that's how I feel,
So after all of this,
I knew you didn't feel the,
Same way about me,
As I did about you,
But until then I don't like,

Being In love,

Because that stuff makes,

Me really sick.

(Chorus)

I have been deriving all of,

My happiness out,

And now I am in unrequited,

Love,

Undoubtedly my expression,

Is dry,

Can't it be unreal,

How you betrayed me,

So after all of this,

I'm moving on and letting go.

I've admire everything about,

You,

But now the fever is turning,

Into shame,

If I despise your kindness,

Will I be the one to blame,

The letter I wrote for you,

Is fasciated with so much,

Wonder,

Or could these words be a,

Mystery for you to solve,

But until then,

I'm moving on and letting go.

(Hook)

This is the place,

Where we begin to cry,

Because there ain't enough,

Space,

For us to embrace.

(Outro)

Don't try to fix me,

Because I'm not broken,

Don't try to fix me,

Because I'm not broken.
