Alright nobody is interested in a kid like me because all my words are so useless to them,
The truth that I speak is senseless in the thought of my bravery which doesn't help this courage deep down inside of me,
I try to get the attention of the girls in my classes but somehow I always know it doesn't work,
Because the expression that I show tells you why I am so mad and sad almost everyday.
Alright my feelings and emotions only explains who I am,
Hey my feelings and emotions is all I have with me for right now,
Okay I hope everybody understands what my feelings and emotions are about,
Yeah I got a lot of feelings and emotions for that girl who I would like to be my friend.
Also I am a real loving and caring person who like's making friends when he doesn't have any without a doubt I respect all of my classmates with loyalty,
Yeah even though they don't talk to me okay what I wrote so far does it connect to you by any chance,
But it's not funny at all this is how I truly feel and so just interpret the meaning of my emotions to you,
I see what everybody think's of me when I am not around it's not cool how they are pretending to be nice so they won't hurt me again.
Alright my feelings and emotions only explains who I am,
Hey my feelings and emotions is all I have with me for right now,
Okay I hope everybody understands what my feelings and emotions are about,
Yeah I got a lot of feelings and emotions for that girl who I would like to be my friend.
I really wanna talk to this girl so I can get to know her and I only like her as a friend but can't you please ask her does she like me as a friend,
Because I know she won't accept me for who I am anyway I really like her so much and everytime she smile's or laugh's that makes me happy or if I pass her in the school hallway that makes me sad,

Because it's like she doesn't know I exist and does she notice me at all probably because this is a question that I can't answer on my own.

Alright my feelings and emotions only explains who I am,

Hey my feelings and emotions is all I have with me for right now,

Okay I hope everybody understands what my feelings and emotions are about,

Yeah I got a lot of feelings and emotions for that girl who I would like to be my friend.

So all the faith I keep inside is only bringing me more down and I hope my lyrics capture the hearts of my teachers and classmates,

So all the faith I keep inside is only bringing me more down and I hope my lyrics capture the hearts of my teachers and classmates.

Alright my feelings and emotions only explains who I am,

Hey my feelings and emotions is all I have with me for right now,
