I took a lot of pain as a kid and I can't never take it
because that was a long time ago,

but the beatings I suffer in my childhood was ruthless
to me,

I never got along with nobody I acted very different
from the other kids trying to get their attention,

I was a really mean and rude kid to my friends and
family but am glad my life turnout the way it did,

I experience some good and bad things in my life but
those memories will be stuck in my head forever.

My life,

I run my life,

getting my life straight,

This is my life,

you can't stop my life now,

my life is too sick for ya, just

need to get my life on track,

your life must end today,
My life is on the line,

my life begins tonight,

my life.

I didn't care about no one before I didn't make friends
but tell someone who gives a damn,

here comes the drug abuse and boys will have to
breathe air while the girls inhale poison oxygen into
their system,

it's a damn fucking shame that I was the one who got
punish for my evil sins.

My life,

I run my life,

getting my life straight,

this is my life,

you can't stop my life now,

my life is too sick for ya,

just need to get my life on track,

your life must end today,

my life is on the line,

my life begins tonight,

my life.

Do you hear the voice's whisper does it call your name
shallow a pill and pop off the cap,

of the bottle that was set loose below,

I have done some great things in my life that I am
proud of today,

everytime I do something good I will believe in myself
no matter what and I never show respect to people.

My life,

I run my life,

getting my life straight,

this is my life,

you can't stop my life now,

my life is too sick for ya,

just need to get my life on track,

your life must end today,

my life is on the line,

my life begins tonight,

my life.

I used to have anger management issues and
problems but I just couldn't help it,

because I lost all sense of my control after that I found
out a way to defense myself from them crazy bad kids,

making a struggle to retain my identity and I know what
I did was wrong I made a few bad choices,

because nobody doesn't understand what I am going
through right now.

My life,

I run my life,

getting my life straight,

this is my life,

you can't stop my life now,

my life is too sick for ya,

just need to get my life on track,

your life must end today,

my life is on the line,

my life begins tonight,

my life.

I was the only kid who got bully tease and push around
by bigger kids than me,

and I got into so much fights when I was just a kid,

getting yell at from my peers was the stupidest thing
they ever did to me,

do you see the blood in my eyes this is what you had

brought me too,

now I am changing my life around and look at what I
became,

am just a kid with hope and dreams who must meet his
true destiny.

My life,

I run my life,

getting my life straight,

this is my life,

you can't stop my life now,

my life is too sick for ya,

just need to get my life on track,

your life must end today,

my life is on the line,

my life begins tonight,

my life.
