Don't compare me to these danger zones because
dudes you will get your whole street lighted up,

we take shots cap on bulletproof vest like damn,

cook a meal for the foundation of health feel like shit
but I can make it I know I can,

never send a woman to do a man's job,

what can I say I am starting new process a dirty server
that gross out millions.

My niggas get hungry,

damn my niggas get hungry,

bitch my niggas hungry,

sucka my niggas get hungry,

slut my niggas get hungry,

my niggas get hungry.

It will be good to speak another language because you
never know who speaks it,

you will learn all about their culture and also you will
learn the history of their language,

our earth obtains four elements that represent this
nature let's focus on creating a template presentation,

baby come and ride on a star scripted movie yellow
cheddar money makes me happy,

losing me is the worst thing that could happen to you,

you either like me or love me there's no hate involved.
My niggas get hungry,

boy my niggas get hungry,

girl my niggas get hungry,

hoe my niggas get hungry,

damn my niggas get hungry,

suckas my niggas get hungry.

As we view animations people gotta read and discover
loopholes inside them ancient contracts,

terms delay but they don't explain nothing like I do hey
if you are not getting any action,

at least give your ears some, turn the hat backwards as
we prepare to fight in the ring,

when we take on a wrestler I wanna cry but there's no
more tears left.

My niggas get hungry,

bitch
my niggas get hungry,

slut
my niggas get hungry,

hoe
my niggas get hungry,

girl my niggas get hungry,

damn my niggas get hungry.

Put up hand gestures for da boyz in the hood my
niggas get hungry,

feeling like tummy because our chest gets grumby,

wow I am so icy got attitude like fuck it until my shit
get busted,

pick up glocks eat some foes come off stage because
we throw bowls,

just scrub dough on pros.

My niggas get hungry,

hoe my niggas get hungry,
slut my niggas get hungry,
boy my niggas get hungry,
bitch my niggas get hungry,
damn my niggas get hungry.

They should call me by my nickname the new and
improved leader of w.o.d,

but some say how did I come up with these great lyrics
in my head I be like fuck off hoe,
bitch md is the damn boss of w.o.d because he's the
one who created and formed this big time famous tight
group nigga.

My niggas get hungry,
boy my niggas get hungry,
girl my niggas get hungry,
bitch my niggas get hungry,
damn my niggas get hungry,
sucka my niggas get hungry,
slut my niggas get hungry,
hoe my niggas get hungry,
my niggas get hungry.
