(Verse 1)

Yo this is where the story begin's,  
About two lover's who committed dreaded suicide,  
Because of a feud that started a deadly war,  
Smile in each other's fate then stab another in the  
back,  
Just plagued with forbidden affection for you,  
The journey left a death mark of sacred love.

(Chrous)

Fell in love and had a crush on that special someone,  
But from the start to end my heart was broken twice,  
Just Maybe shattered into many pieces,  
Please be mine.

(Verse 2)

We just loss the trust we had together even though  
your depression made me feel sad,  
I can't even find that special someone because my  
shyness keep's me away from you,  
It's over for now as I am the one without nobody to  
hold.

(Chrous)

Fell in love and had a crush on that special someone,  
But from the start to end my heart was broken twice,  
Just maybe shattered into many piece's,  
Please be mine.

(Verse 3)

There's tension coming between you and me but now it  
seem's we was not mean't to be,  
Just wanna fall in love and fly with the dove's from  
above's,  
Your beauty is my infection that drive's this affection  
toward's another direction,  
Gotta tell how crazy I am feeling for you,  
The way you smile just kept me happy till the end of  
time.

(Chrous)

Fell in love and had a crush on that special someone,

But from the start to end my heart was broken twice,  
Just maybe shattered into many piece's,  
Please be mine.

(Verse 4)

Cherish my song into your heart and don't ever let it  
go,  
Can't accept the fact that you didn't like me for who I  
am,  
You're the enchanted treasure that I hold in my arm's  
everyday,  
No matter what happen's we are friend's to the end,  
Because nothing can't break us apart.

(Chrous)

Fell in love and had a crush on that special someone,  
But from the start to end my heart was broken twice,  
Just maybe shattered into many piece's,  
Please be mine.
