Someone knock before you enter me overdose kill my
friendships and relationships,

and plus we lost all are friends at the same time when
it just started,

but they gotta slap the stupidity outta those clowns,

ride around the block in circles with these lock and
loaded dangerous weapons,

it doesn't even matter to you because people always
stay scared of it until proven guilty,

mysterious slang words switch lanes,

and under achievers receive countless syndrome if
they quote jokes,

then bitch that's on them damn cut off afros you should
just kiss these assholes,

I made a big investment by going solo fresher than
those hoodrats who scrub bats,

and now psycho sicko is gonna take yo shit down by
storm bitch.

Psycho sicko,

the new killer psycho sicko is here,

I am psycho sicko,

get down on psycho sicko level,

guess who psycho sicko is,

psycho sicko takes over everything,

psycho sicko brings danger to you,

psycho sicko.
