Never the hero of the soft parade
And I asked and I said to you
Are you sorry for this

Saw you pick up a needle by the handle today
And I asked and I begged you
To be sorry for this

Make up your face
Don't try to replace
I'll run quite a bit farther than you've ever been
Never thought I'd lose
Always thought I'd win

Would've never believed it 'till I saw it that day
Underneath your clothes
And I'm sorry I looked at it

Long days alone
Never thought I'd lose
I'll go quite a bit higher than you've ever been
Never though I'd lose
Never though I'd lose
Always thought I'd win
