(Verse 1)

I am still bleeding,

And it's only gonna get worst,

If I have to provoke my rage,

Stay away from those harmful drug's,

And become straighted edge forever,

We are in corruption,

For killing every life,

There is enough pollution,

So let it destroy our suffering,

Give me the cure for my,

Detrimental catastrophe deadly chemical,

Contamination substance is causing,

These heart's to die,

Blah blah blah I don't give a fuck,

For what you have to say to me,

So go shove your problem's and word's,

Into that damn mouth.

(Chorus)

All of you fucker's are rabbit sucker's,

The condition is my critical liberty,

Why are you being a scapegoat for,

This isn't right,
Just show some pride for your,
Own wrongful mistake's,
Stand up for what you believe in,
And spread your belief's to the whole public,
Sweet poison.

(Verse 2)

It's a shame that I can't get,
People to like me,
This will be my last time of trying,
Just dropping a lot of tear's,
And beginning to fear myself,
I guess everybody was right,
About me,
So go ahead and talk shit,
All you want,
Fuck them anyway because I still,
Hate all of you pretentious idiot's,
Lunatic decision's will turn me into this,
Demented and deranged son of a bitch,
Our sarcastic profanity never make's sense,
Inside of this fraud world.

(Chorus)

All of you fucker's are rabbit sucker's,
The condition is my critical liberty,
Why are you being a scapegoat for,
This isn't right,

Just show some pride for your,
Own wrongful mistake's,
Stand up for what you believe in,
And spread your belief's to the whole public,
Sweet poison.

(Verse 3)

It's really complicated for me,
To tell you who I am,
Already knew they wouldn't,
Accept my intelligence,
I am showing favoritism and devotion,
To all of my friend's,
When this leave's me,
On their good side,
Why do we need more,
Consideration or affection,
It's a radical coalition that deliver's hatred,
For the intimacy of my nation,
Now everybody want's to sympathize,
My word's with sentiment confusion.

(Chorus)

All of you fucker's are rabbit sucker's,
The condition is my critical liberty,
Why are you being a scapegoat for,
This isn't right,
Just show some pride for your,

Own wrongful mistake's,
Stand up for what you believe in,
And spread your belief's to the whole public,
Sweet poison.

(Verse 4)

I am feeling so alone,
And I can't hold on any longer,
Baby can you please hold my hand,
And walk with me to the,
Path of sympathy,
Every thought is still,
Becoming undone,
Waiting until my life,
Break's me down again,
Always living in this nightmare,
Of trying to be cool,
These shattered dream's will lead,
My heart out the door,
All the thing's you said,
To me was a lie,
Don't ever let anybody,
Bring you down,
Because you're something special,
That I would like to keep,
Got so many doubt's on how I am,
Going to shine on the world.

(Chorus)

All of you fucker's are rabbit sucker's,

The condition is my critical liberty,

Why are you being a scapegoat for,

This isn't right,

Just show some pride for your,

Own wrongful mistake's,

Stand up for what you believe in,

And spread your belief's to the whole public,

Sweet poison.
