(Verse 1)

Ever since you broked my heart,

It feel's like I am dying today,

Mistaken for all the sin's I made before,

It's a shame that nobody really talk's to me,

Now I must walk with this ugly look on my face,

They are all lying about being my friend,

I remain feeling unwanted everywhere I go,

Stop pretending and show me some respect,

Frustration is building inside without nothing to hold,

Setting on revenge till I fall down,

Must confess and tell the truth so I can be free.

(Chrous)

Racist discrimination is not what I want,

Blood seized the pain,

Showing fear after walking between the line's,

Still why won't it go away,

Each session get's another blessing,

Never had strife for my

piteous actions,

Vengeance.

(Verse 2)

Can I please give you a hug because my emotions are

sacred within,

Faith is what we need to keep this thing together,

Trying to gain her attention for week's to come,

Desired to be something in life but it's not enough,

Cherish every word that I said into your heart's,

Striving different pain that I can't explain to you,

The dream's and hope's had just been crushed,

Suffer from paranoia and can't beat the struggle which
I kept,

Affected by the way she was treating me again,

Look into my eyes as you see the dreaded depression.

(Chrous)

Racist discrimination is not what I want,

Blood seized the pain,

Showing fear after walking between the line's,

Still why won't it go away,

Each session get's another blessing,

Never had strife for my

piteous actions,

Vengeance.

(Verse 3)

The aggression is starting to beat the goodness outta
me,

Do you think I am a disgrace when it come's to this,

Stop all the tormented drama,

And it feel's annoyed when your friend's don't even
care,

Sheding tear's over the place when I am lonely,

Got a lot of hatred right now,
So are you with or against me,

Everything is desperation because nobody will be there
by my side till the end,

But it doesn't really matter to me because you don't
understand how I feel,

The real reason for this is just you are so special to me,

It's been so hard for me lately to talk to ya'll,

I really mean that from the bottom of my heart.

(Chorus)

Racist discrimination is not what I want,

Blood seized the pain,

Showing fear after walking between the line's,

Still why won't it go away,

Each session get's another blessing,

Never had strife for my

piteous actions,

Vengeance.

(Bridge)

You don't ever wanna be mean or rude to me,

Don't criticize me and the thing's I do,

Don't get me mad because I might not control my
anger very well,

Truth is I am a psychopathic kid that is waiting to
release his breaking point,

I don't ever wanna lose our friendship.

(Chorus)

Racist discrimination is not what I want,

Blood seized the pain,

Showing fear after walking between the line's,

Still why won't it go away,
Each session get's another blessing,
Never had strife for my
piteous actions,
Vengeance.
