(Verse 1)

We are so ante up to the beat,

we got them elitez on deck right here,

these dudez are spazes with,

their minds wide open,

showing fear into your eyes,

if haters wanna hate on w.o.d,

bitch fuck you,

croak rappers mess up on
their own lines,

but if they choke they will flood,

like cracks on the boat,

everybody know when we come through,

this bitch they are gonna be saying,

just party like a rockstar,

getting crunk jumping out from the ring ropes,

stomping a mudhole to a bitch or a nigga right down to
the floor.

(Chrous)

You are gonna die tonight,

we are gonna watch you die tonight,

no one can't save you from dying tonight,

just die tonight,

die tonight,
watch you die tonight,
you are gonna die tonight.

(Verse 2)

Spiting my freestyles with double stacks,
stash in da cold freezer,
they can't catch us you got nothing on me,
getting tha money with the big ice flow,
making a big foundation,
my gucci bandana is hanging out my back pocket,
if these dudes talk shit to you,
all you gotta say is hi haters,
I write my lyrics on a paper,
before I get to the next line,
I am hardcore straight I know,
how to wrestle you better get out my way,
step back am gonna chew on your ear,
real hard just like a bear.

(Chrous)

You are gonna die tonight,
we are gonna watch you die tonight,
no one can't save you from dying tonight,
just die tonight,
die tonight,
watch you die tonight,
you are gonna die tonight.

(Verse 3)

Wave yo fucking hands in the air,
like you just don't care,
we are fifty deep to the dirty south,
before they get their wig split fucking with us,
bust them heads throwing a slug,
to a nigga who aint on our level yet,
we be getting those checks from the bank,
like it's nothing get yo shit if you're a real gangsta,
hey little mama come over,
here for a minute just do me a favor,
what's that bitch call me a jerk one more time.

(Chrous)

You are gonna die tonight,
we are gonna watch you die tonight,
no one can't save you from dying tonight,
just die tonight,
die tonight,
watch you die tonight,
you are gonna die tonight.

(Verse 4)

Bust a bitch everywhere we go that's our job for the
day,
riding in my bentley with thirty eight inches on da rim,
we are gonna take you back to the past,
where your mentor give you that,
first history lesson of your life,
we got them blackstar killaz,

who be popping them thangs up in the club.

(Chrous)

You are gonna die tonight,

we are gonna watch you die tonight,

no one can't save you from dying tonight,

just die tonight,

die tonight,

watch you die tonight,

you are gonna die tonight.
