Touching down it's a frozen town  
Look around I grew up I fell down  
Nothing changes nothing changes  
Except the red lights  
Nobody changes nobody changes  
Wanna see them tonight

Everybody gather 'round  
Everybody drink it down  
I'm feeling like a one-legged man  
I was made to take a stand

Any day now it will come x 3

I walk in and just laugh it off  
And all the heads turn  
Familiar faces help me shake the cold off

Everybody gather 'round  
Everybody drink it down  
I'm feeling like a one-legged man  
I was made to take a stand

Any day now it will come x 3

It sounds like bullshit but you ever notice  
This whole town of ice and snow ..o.. ho.. whoo  
Gets you running  
Chasing something  
What it is I'll never know  
Just hope one day that it shows

Any day now it will come x 7
