Gonna sink my body down
Feel it tremble with sound
Mother's speaking loudly now

Yeah it runs through my body I am wild
My body breaks through the water I'm a newborn child
Brain's on fire

Put my ear down to the ground
Feel it tremble with sound
Mother's speaking loudly now
She is saying
Lay your clothes down with your fear
Float upon my waters dear
'Cause I will carry you from here

Up among the lights she is smiling
I am small I am safe all is silent
Take my breath make me wet

Gonna sink my body down
Feel it tremble with sound
Mother's speaking loudly now
She is saying
Strip yourself of all your fears
Free your mind and make it clear
'Cause I will carry you from here

Never coming up never felt like this
Just going to stay here in this state of bliss
Never felt so whole or so damn complete
Done all that I should do met all I should meet
Just going to stay right here

Someone is calling from the shore
On this earth not a voice I love more
Come inside

Gonna sink my body down
Feel it tremble with sound
Mother's speaking loudly now
She is saying

Strip yourself of all your fears
Free your mind and make it clear
'Cause I will carry you from here
