(Martin Plaza)  
I had a meeting at the junction  
But my car wouldn't function  
Didn't have enough for the cab  
Say wouldn't it be fab  
To take a bus ride...bus ride  
The bus stop was down the road  
And as I left my abode  
I looked out upon the sea  
Oh lucky me  
To take a bus ride...bus ride  
I climbed aboard and took a seat  
Satisfied that I would meet  
So many people there  
And every single one was rare  
On my bus ride...bus ride
