Words were exchanged last night
You could call it a fight
It's such a shame, I never thought we would
Wouldn't be so bad, if it weren't so good

I've had enough of that
With other loves in days gone by
It wasn't much I know
Mmm just enough, enough to make me cry

If you leave me, can I come too?
We can always stay
But if you leave me, can I come too?
And if you go, can I come too?

Don't let it happen again
'Cause that I couldn't take
Ooh once was quite enough
It's easy to forgive, harder to forget

If you leave me, can I come too?
We can always stay
But if you leave me, can I come too?
And if you go, can I come too?
I've had enough of that

Yay, yay, yay, yay
Can I come too?
Can I come too?
Ay yay, yay, yay, yay
Ay yay
