YOU'RE A SPECIAL PART OF MY LIFE

You're a very special part of my life
And I know my heart could never be free
All the good times spent together with you
Makin' future plans that we hope some day will come
true

You're a very special part of my life [You're very
special, so special]
And that's the way I want it to be
Cause without you [Without] I'm a person alone
Thinkin' about you [About] and wishin' you would
hurry on home

Oh, oh, love, there was a time
When I was weak and lonely [Weak and lonely]
But then you came into my life
And you taught me to be strong [I wanna thank you]

Baby, you are the star
That makes my whole heart free
I can still feel the warmth
Of your love

You're a very special part of my life [You're very
special, so special]
And that's the way I want it to be
Cause without you [Without] I'm a person alone
Thinkin' about you [About] and wishin' you would
hurry on home

Oh, oh, love, there was a time
When I was weak and lonely [Weak and lonely]
But then you came into my life
And you taught me to be strong [Ooh, I wanna thank
you]

Baby, you are the star
That makes my whole heart free
I can still feel the warmth

Of your love

You're a very special part of my life [You're very special, so special]

And you know you mean so much to me

Cause you never fail to be there when I

Need somebody to give me some peace of mind

Cause without you I'm a person alone

Thinkin' about you and wishin' you would hurry on home

All the good times spent together with you

Makin' future plans that we know will come true

And I need you, yeah

Oh, I need you, won't you hurry home
