Dear baby can't you see
You threw all the stuffs from me
From the day you become mine
I remember clearly on that time

You loved me
You hugged me
You kissed me
What you think?
About me
When i want
To love you

Ten years had passed so fast
My memories will never fade
Not that i still love you
But its that you still love me

Hurt was all i can say
Hurt was all i can feel

You loved me
You hugged me
You kissed me
What you think?
About me
When i want
To love you

You loved me
You hugged me
You kissed me
What you think?
About me
When i want
To love you
