One and one is two just
Me and you we must
Build this on love not lust

I see you, you make me cry
But I need you back in my life, in my life

I see the figure 8
It's never ending
Is this our fate
I see the figure 8
It's never ending
I can not escape

Where would I be right now
If you'd not shown me how
To live my life aloud

I see you make me cry
But I need you back in my life, in my life

I see the figure 8
It's never ending
Is this our fate
I see the figure 8
It's never ending
I can not escape

We are together and must decide
If we should take the next step
Of our design
Don't wait
If we create now what we have said
Are we looking at now
Not what is ahead
Don't wait

I said

I see the figure 8
It's never ending
Is this our fate

I see the figure 8
It's never ending
I can not escape
