[all said might come out], dance a cheek a cheek, [play at] nine to five seven day a week
Low on high times, big on loser
Tried the police a piece, [...] push a pull, [...], sucker
[weaken ya]
Die on weakness pile on good[ness], that idea don't rhyme

CHORUS:

Do anything (x9)
Stay on your feet, sweet sweet, sweet
[shock a sick tea],[looking now a bar],[shit must stand complete],[can I scare at all]
Big on lifestyle, low on [freestyle]
Mistook a [...], where can I a-drown?
We're alright, Jack, what's your problem? can't you get along?

CHORUS:

Do anything (x9)
Stay on your feet, sweet, sweet
