All alone, cover your self-opinion
Then you amuse me but mostly yourself
In your hell, hell is waiting for [a pillows and silos your
head's out the wall, everlone]
(oo-oo) (x5)

CHORUS:

Be my friend for five minutes, five minutes, (five
minutes) that's all you can (x2)
Be my friend and leave me alone
Draw the line for yourself you do it
Kindly most interesting but [some alive]
In your mind, you can talk about the world in a
bombshell, that's how you survive
In your mind

CHORUS:

Be my friend for five minutes, five minutes, (five
minutes) that's all you can (x3)
Be my friend and leave me alone (o-o-oh) (wo-o-oh)
(wo-o-oh) (wo-o-oh)
Aaah-awaah

CHORUS:

Be my friend for five minutes, five minutes, (five
minutes) that's all you can (x4)

Be my... (my friend for) friend... (my friend for) (x7)
Be..
