Everybody go... Fetch the stereo  
Take a ride in the car to a place I know  
Monkeys in the park, shaking after dark  
We'll be back in the morning  
With the scars to show  
Feel a little sick, feel a little fine  
And it all feels better by the second time  
Home is where you are, welcome and supreme  
Now relax... Take it easy, he's a friend of mine

Nobody around here wants your problem  
Shut up and behave  
You're giving pissjoy

I don't wanna know, I don't wanna know  
You're a real hair trigger but your lights are low  
Steady on the one... easy Danny-o  
For the headstrong lover it's the place to go  
Dirty white and clean social gasoline  
It's a choice kids are making 'for they're 17  
Needs to be addressed... culture to a tee  
Where the rights ignore what the wrongs could mean

Keep your Gin and Holy water  
No-one living cares  
You're giving pissjoy

Everybody knows, everybody goes  
To the dark for the highs  
And the light for the lows  
Basic is the need for freedom as a goal  
Do it all in the name of rock 'n' roll  
Feel a little sick, feel a little fine  
And it all feels better by the second time  
Home is where you are, proof is all you need  
It's time to connect with the life you lead

Nobody around here wants your problem  
Shut up and behave  
You're giving pissjoy

It's a viber, it's a viber

And all the children sing  
Pissjoy here to piss on my parade  
Pissjoy here to piss on my parade
