[Ginger]

Days stuck in the memory, and the nights in doubt
I need somebody friendly when the lights go out
I ain't too crazy about Elvis but I'm sure there's a few in
Memphis
And I don't know about Jesus but I'd still walk the waters
between us

And all of my life I've been looking for someone
Someone who won't let me go
And all of my life I've been looking for someone
Someone who won't let me go
Someone who won't let me go

I sit back and imagine all the dots connect
I get stuck in a backspin when I least expect
Is she feeling this lonely? Is it worse then anybody in
history?
Is she thinking "If only I could find someone I wanted to
kiss me"?

And all of my life I've been looking for someone
Someone who won't let me go
And all of my life I've been looking for someone
Someone who won't let me go
Someone who won't let me go

Go and do something that I'm gonna regret
Gonna make me think I'm cool
Gonna teach me just like school
Gonna make me feel I truly am the best
That I can get

Days stuck in the memory, and the nights in doubt
I need somebody friendly when the lights go out

And all of my life I've been looking for someone
Someone who won't let me go
And all of my life I've been looking for someone
Someone who won't let me go
Someone who won't let me go

And all of my life I've been looking for someone
Someone who won't let me go
And all of my life I've been looking for someone
Someone who won't let me go
Someone who won't let me go
