She almost left town yesterday
She had everything, she would say
About all the things I've done wrong
How they just made her strong

"I almost killed you last night," she said
"I almost killed you last night, dead.
I almost ended your life.
So close it hurts.
So close it hurts."
(So-ooo)

She almost stood up for herself
She never been anywhere else
Everybody told her to leave
But somehow no one believed
When she said

"I almost killed you last night," she said
"I almost killed you last night, dead.
I almost ended your life.
So close it hurts.
So close it hurts."

You can only be who you are
(Bop, bop, bop, bop, oo-ooo, bop)
You can only push me so far
(Bop, bop, bop, bop, whoo-ooo)
I never thought you might be right.
I never felt you in my life.

"I almost killed you last night," she said.
"I almost killed you last night, dead.
I almost ended your life."
So close it hurts.
So close it hurts.
(So-oooo)
So close it hurts.
(So-oooo)
So close it hurts.
So close it hurts.

So close it hurts.
