(Yeah)

Are you really telling me that its over?

Tell me what should I do?

(what should I do?)

I know you love me cuz youre wearing that old shirt,

That I gave to you.

(That I gave to you)

Okay, youre still upset.

What will make you forget?

Youre mad at me.

Its not as bad as it seems.

You cant be seriously thinking

Of going on with your life without

Being with me.

Cuz if I cant have you

(If I cant have you)

And Im going to walk the world all by myself,

Id rather spend my life alone, alone.

Then start it over with somebody else.

Cuz if I cant have you

(If I cant have you)

Then Imma have to tell all of your friends.

Cuz you just left me all alone, alone.

My baby left me all alone, alone.

(All alone)

Girl, you said that you would never just leave me.

So were you lying to me?

(lying to me)

If we're really done then did you come over

Just to see me break?

Remember when you said youd never recover,

If I stayed away?

So, why would you put me through

The very thing that you had asked me to

Never do to you?

You cant be seriously thinking of

Going on with your life without calling the truth.

Cuz if I cant have you  
(If I cant have you)  
And Im going to walk the world all by myself,  
Id rather spend my life alone, alone.  
Then start it over with somebody else.

(If I cant have you)

Cuz if I cant have you  
(If I cant have you)  
Then Imma have to tell all of your friends.  
Cuz you just left me all alone, alone. (yes you did)  
My baby left me all alone, alone. (alone)

Its just the anger talking.  
Before you go there, think it through.  
Take some time to think about it.  
Dont tell me that youre walking.  
Make sure thats what you wanna do,  
Before you go alone.

Cuz if I cant have you  
(If I cant have you)  
And Im going to walk the world all by myself,  
Id rather spend my life alone, alone.  
Then start it over with somebody else.

Cuz if I cant have you  
(If I cant have you)  
Then Imma have to tell all of your friends. (tell em, Ill  
tell em)  
Cuz you just left me all alone, alone. (all alone)  
My baby left me all alone, alone.
