"Fly Away"

We're feeling very tired
The road to fame has never been easy

For fame to be acquired
Be ready to give up all your privacy

Let's fly for recreation
'Cause flying' makes our lives allot better
Accept our invitation
Celebrate with us in the sky, fly!

Fly away, let's fly far away
Almost anything can happen
You and I together we'll find our way

Fly away, let's fly far away
Out to find a new adventure
Anything can happen today

We wanna have more freedom
A holiday and fun with the sunshine

No purpose and no reason
A carnival of dreams as we fly in the air

The smiling clouds are watching
As we go out in search of a promise

A mile away from heaven
Celebrate with us in the sky, fly!

Fly away, let's fly far away
Almost anything can happen
You and I together we'll find our way

Fly away, let's fly far away
Out to find a new adventure
Anything can happen today

Fly away, let's fly far away
Almost anything can happen

You and I together we'll find our way

Fly away, let's fly far away
Out to find a new adventure
Anything can happen today
