Change your pace of living  
Pick up your belongings  
Get yourself together  
Time's come for you to make a move

Wake up and get going  
Lazy days are over  
No more dilly-dally  
It's time to get out of the groove

### CHORUS:

Gotta get on movin  
Gotta get on movin with the music  
Gotta get on movin  
Gotta get on movin with the crowd  
Gotta get on movin  
Gotta get on movin hurry  
Dance your cares away  
Come on and get movin now

Take a chance and do it  
Can't be scared of losing  
Maybe you'll be lucky  
Risk it with a toss of the dice

Leave behind your worries  
Find a new adventure  
Add some salt and pepper  
Give a little spice to your life

### CHORUS:

Gotta get on movin  
Gotta get on movin with the music  
Gotta get on movin  
Gotta get on movin with the crowd  
Gotta get on movin  
Gotta get on movin hurry  
Dance your cares away  
Come on and get movin now

Gotta get on movin

Gotta get on movin  
Gotta get on movin  
Gotta get on movin

CHORUS:

Gotta get on movin  
Gotta get on movin with the music  
Gotta get on movin  
Gotta get on movin with the crowd  
Gotta get on movin  
Gotta get on movin hurry  
Dance your cares away  
Come on and get movin now (2x)
