Over the horizon on Memorial Day  
The sun shows its face  
People come from everywhere  
To witness the greatest race  
In the pits, mechanics tune the motors  
Gettin' ready for the fight  
Gentlemen, start your engines  
The green flag is down

CHORUS:

Indianapolis! Indianapolis  
Indianapolis! Indianapolis  
Indianapolis! Indianapolis

Cheers and banners fill the air  
Together with the smell of burnin' gasoline  
Everybody on your feet to welcome  
The ferocious machines  
33 warriors in their chariots  
Go out into the battlefield  
33 shiny helmets  
Take command of the wheel

CHORUS:

Indianapolis! Indianapolis  
Indianapolis! Indianapolis  
Indianapolis! Indianapolis

Flashing color turbos bite into the ground  
Along the straightaway  
Fearless men dream to be the winners  
On this glorious day  
500 miles to the checkered flag to show the bravery  
500 miles to the finish line to victory

CHORUS:

Indianapolis! Indianapolis  
Indianapolis! Indianapolis  
Indianapolis! Indianapolis (2x)
