So many things left un-said
I need to tell her i love her
But sometimes the hardest thing to say is what's in
your heart

Another minute is going bye
She's staring in my eyes
The star in her gaze loses shine
She said it to me but I don't reply
I know it's running through her mind
Said I really wanna make this right but I'm having
trouble getting my
My thoughts together oh
And I know it really makes her sick (her sick)
I don't wanna go out there but
I'm really having trouble getting

Inside out (if I could just)
You only new how I feel (uh uh)
Gotta get my
Inside out (if I could just)
Know that its time I reveal (I reveal)
You do know what I'm all about
And you do know that I'll be around
And you do know that I won't let you down
You never know till I let my inside out
Inside out
Thinking of the way I could finally let you know it girl
Know it girl
Know it girl

I'm really trying not to hurt her
But I keep holding back
And wanna I feel like I deserve her
But I'm not showing that
What's wrong with me
That I can't find a way to open up
If she's the one
I gotta get my

Inside out (if I could just)
You only new how I feel (new how I feel, uh uh)

Gotta get my
Inside out (if I could just)
Know that its time I reveal (time I reveal)
You do know what I'm all about (bout)
And you do know that I'll be around (round)
And you do know that I won't let you down
You never know till I let my inside out
Inside out
Thinking of the way I could finally let you know it girl
Know it girl
Know it girl
But the words are stuck on the tip of my tongue
And I don't wanna say something dumb
But the only thing that comes to mind is
Is that I'm totally random
And it's filling your head full of doubt
And it's filling the sky full of clouds
I forget what I'm talking about
If I could just I could just
Get my inside out

Inside out (if I could just)
You only new how I feel (new how I feel ohhh)
Gotta get my
Inside out (side out)
If I could just
Know that its time I reveal (time I reveal)
And you do know what I'm all about (about)
And you do know that I'll be around (around)
And you do know that I won't let you down
You never know till I let my inside out
side out
side out
Inside out
Inside out

Thinking of a way I could finally let you know it girl
Know it girl
Know it girl

I, i gotta get
Gotta get
So gotta get
Gotta get so
Gotta get
Gotta get so
Ahhhhhhhh

i gotta get
Gotta get
So gotta get

Gotta get so
Gotta get
Gotta get so
ahhhhhoh

i gotta get
Gotta get
So gotta get
Gotta get so
Gotta get
Gotta get so
ahhhhhoh

i gotta get
Gotta get
So gotta get
Gotta get so
Gotta get
Gotta get so
ahhhhhoh
