A A E I O U

A A E I O U

A A E I O U

A A E I O U U

Uh

Uh

Yeah... Danja And The Clutch

When I'm next to her I'm a mess

I do my best to express myself

The words just don't come out right

Kinda sounds like (I stumble over my words can't get up the nerve)

But when I think about us making out girl

Without a doubt I hurry up and get my mind right

Kinda sounds like (I'm giving you all the clues and you want it too)

Wow...

I should be spelling it out (it out)

Hope you pick up the clues

That I'm giving you (giving you)

I think you got it all confused

Please...

I'll make it easy to read (to read)

Want me to help you figure it out (figure it out)

I'll let you buy a vowel right now

A it's

Easy to see

I bet you I can make you go

Oh

U need to come and be with me

Y

Cuz I want you more than words

AEIOU AEIOU

Cuz I want you more than words

AEIOU AEIOU

Cuz I want you more than words

I told my boys about her

No choice but to voice how I feel about her

And I don't care if they give me a hard time

Kinda sounds like (I'm too quick to fall I'm dropping the ball)

Racking my brain trying to think of a way to say

I wanna love you baby

You look away everytime we lock eyes

Kinda feels like (I'm showing you all the signs but you're still so shy)

Wow...

I should be spelling it out (it out)

Hope you pick up the clues

That I'm giving you (giving you)

I think you got it all confused

Please...

I'll make it easy to read (to read)

Want me to help you figure it out (figure it out)

I'll let you buy a vowel right now

A it's

Easy to see

I bet you I can make you go

Oh

U need to come and be with me

Y

Cuz I want you more than words

AEIOU AEIOU

Cuz I want you more than words

AEIOU AEIOU

Cuz I want you more than words

Why C - A - N - T you see

See J - U - S - T What you mean (To me)
