I know u see me in your dreammms.  
I know u see me in your dreammms.  
I know u see me in your dreammms. (I don't think there  
readyy for this right here)  
I know u see me in your dreammms.

That's why ...

In the middle of night  
In the middle of night  
In the middle of night  
You think about me.

In the middle of night  
In the middle of night  
In the middle of night  
Don't try fight it.

In the middle of night  
In the middle of night  
In the middle of night  
Don't try to hide it.

In the middle of night  
In the middle of night  
In the middle of night (I know you know)  
You think about me girl.

Yo me siento caliente  
Dale candela!  
Tu me pone caliente  
Dale candela!  
Yo me siento caliente  
Dale candela!  
Tu me pone caliente  
Dale candela!

Waking up with a sweat  
I know you feel it your head  
Girl da kind of connection  
That we got won't let u rest

You don't gotta hide it,  
Try to fight it Or deny it  
This is still strong no matter what  
You do, you're taking me home

(b-'cause...)  
In the middle of night  
In the middle of night  
In the middle of night  
You think about me.

In the middle of night  
In the middle of night  
In the middle of night  
Don't try fight it.

In the middle of night  
In the middle of night  
In the middle of night  
Don't try to hide it.

In the middle of night  
In the middle of night  
In the middle of night (I know you know)  
You think about me girl.

Yo me siento caliente  
Dale candela!  
Tu me pone caliente  
Dale candela!  
Yo me siento caliente  
Dale candela!  
Tu me pone caliente  
Dale candela!

Does it really seem real  
How I make you feel soo  
Right soo good inside  
See I know you wanna roll  
And I', control so girl  
What's on your mind  
Let ride away to another place.  
A place you'll only find around twelve  
That's Midnight!

In the middle of night  
In the middle of night  
In the middle of night  
You think about me.

In the middle of night
