You ain?t never heard nothing like this
Nah, never, nah, nah, never, never, never, nah, nah
You ain?t never felt no heat like this never
Nah, never, never, never, nah, nah, nah, nah

Made you look when you heard this beat
When the hook drop everybody move their feet
Had the crowd full of people saying give me something
new
And Menudo come with a remedy for you

If you tired of the same song, same hook, same look
Everybody playing with the same book
Get ready 'cuz your boys be ready
Maybe she?s just scared, what we need already

Never know days, never know ways
You a never ever, ever felt heat like this
Never know days, never know ways
Ain?t no body never made you move like this

You ain?t never heard nothing like this
Nah, never, nah, nah, never, never, never, nah, nah
You ain?t never felt no heat like this
Nah, never, nah, never, nah, nah, never, never, nah

You ain?t never heard nothing like this
Nah, never, nah, nah, never, never, never, nah, nah
You ain?t never felt no heat like this
Never, nah, never, never, never, nah, never, nah, nah

We gonna make you move, move
Move, move, move, move, move
We gonna make you move, move
Move, move, move, move, move

Tell the DJ, turn that up
Hit the dancefloor where everybody tear that up
Hear the bass line blowing, make your body go jump
Hear the drum go thump with the background
humming

Don't it feel good? Don't you wish you could come?
Dance all night 'til the sun shine bright
Get ready 'cuz your boys be ready
Take it on heavy, like we need it already

Never know days, never know ways
You a never ever, ever felt heat like this
Never know days, never know ways
Ain't no body never made you move like this

You ain't never heard nothing like this
