Hey oooooooooohh  
It was different when we started  
Took me where I've never gone  
Used to love when we were together  
Cause I could fly above it all  
As I fell into you sdeeper  
Started to rely on you  
I was confident with you.  
So weak and hopeless,  
When you were gone

You only wanted to control me  
Try to hold me  
Kept me back from my life  
Now you see I'm doing well,  
Trying to take me back there  
I was going through  
All different phases  
Looking crazy  
So apart from who I am  
I have to  
Get you out of my system  
Just stop calling me  
Just stop calling me  
Just stop calling me  
Just stop calling me

No I wont go back  
I wont go back  
Need to fall back  
Get over me

Just stop calling me  
Just stop calling me  
Just stop calling me  
Just stop calling me

No I wont go back  
I wont go back  
So please don't call back  
Let go of me  
When I looked into the mirror

Had a face I didn't know  
I had no one to call  
You had me believing  
I was on my own  
When I got the strength to leave you  
Heard you saying at my door  
Baby who are you fooling  
You're nothing without me  
You'll be right back  
Whoa oh whoa oh whoa

You only wanted to control me  
Try to hold me  
Kept me back from my life  
I got it back and  
I'm living it up and  
I ain't giving it up  
For you

I was going through  
All different phases  
Looking crazy  
So apart from who I am  
I had to  
I got you out of my system

Just stop calling me  
Just stop calling me  
Just stop calling me  
Just stop calling me

No I wont go back  
I wont go back  
Need to fall back  
Get over me

Just stop calling me  
Just stop calling me  
Just stop calling me  
Just stop calling me

No I wont go back  
I wont go back  
So please don't call back  
Let go of me

And everything  
About me that I love  
And everything that  
Made me who I was  
(Ooh I was lost, all because of you)

I thought that I needed you  
But I'm ashamed to know that I  
Gave the time  
My love life on the line for you

Just stop calling me  
Just stop calling me  
Just stop calling me  
Just stop calling me

No I wont go back  
I wont go back  
Need to fall back  
Get over me

Just stop calling me  
Just stop calling me  
Just stop calling me  
Just stop calling me

No I wont go back  
I wont go back  
So please don't call back  
Let go of me
