You were the one that went away  
you were the one who went to town  
you had to get your money  
by laying your body down

now you come running back to me (to me)  
did you really think i could give you my sympathy  
you come running back to me (to me)  
did you really think it could be?

all those nights i thought of you  
all those tears that hit the ground  
all that money that i spent  
when i couldn't lay that bottle down

Now you come running back to me (to me)  
did you really think i could take you back that easily  
you come running back to me (to me)  
did you really think i could be?

I trusted you, what a stupid thing to do!

you said you were bored with me  
you said i was bringing you down  
you were the one who said you were tired  
of hanging out WITH MY CROWD!

now you come running back to me (to me)  
did you really think i could give you my sympathy  
you come running back to me (to me)  
did you really think it could be?... NO! NOW STOP  
CALLING ME BITCH!
