[x2]

29 years & an ocean of beers
& more songs than a bird can sing
broken strings & empty pockets
& dirty diamond rings
a pile of cigarettes and enemies
have done enough to put me in the ground
I guess I'll be seeing you around

Next time around, gonna make a difference
next time around, gonna make a change
Next time around, gonna make a difference
next time around, gonna do the right thing

Next time around, gonna make a difference
next time around, gonna make a change
Next time around, gonna make a difference
next time around, gonna do the right thing

29 years & an ocean of beers
& more songs than a bird can sing
broken strings & empty pockets
& dirty diamond rings
a pile of cigarettes and enemies
have done enough to put me in the ground
I guess I'll be seeing you around
