Goodness gracious baby bless my soul  
i was born to rock and roll  
I'm gonna rock around in my rocking ways  
gonna rock around in my rocking days

goodness gracious baby bless my soul  
i was born to rock and roll  
gonna rock around with my rag top down  
gonna rock around to the rocking sound

when i get old and lose my hair  
I'm gonna rock around in my rocking chair

[x2]  
oh yeah, oh yeah, one thing i believe in  
oh yeah, oh yeah, one thing i believe in

Goodness gracious baby bless my soul  
i was born to rock and roll  
gonna rock around & rock out loud  
gonna rock around & rock out proud

Goodness gracious baby bless my soul  
i was born to rock and roll  
gonna rock around, its my rocking dream  
gonna rock around, TILL MY NEIGHBORS SCREAM!

when i get old and lose my hair  
I'm gonna rock around in my underwear
