[Chorus:]

Sick friend, well I'm a lazy cain  
there's not much hope for this dying cause  
you'd just be wasting your time  
'cause I just spent my last dime  
on a bottle that's gonna get me through the night

Well, I've been working at the burger king,  
I've been flipping damn burgers all fucking week  
gonna quit my job when the paycheck finally comes  
I know I'll be doing alright,  
when the liquor store sign is in my sight  
gonna get me a bottle to help me through the night

[Chorus]

I've been working for the bitch down the street,  
I've been painting damn houses all fucking week  
gonna quit my job when the pay check finally comes,  
I know I'll be doing alright  
when the dollar bill are in my sight  
gonna get me a bottle to help me through the night

and when I'm all alone  
and I was having fun  
and there was no one there to tell me  
that I was doing wrong

the devil came to me  
he said "I see what you see"  
he said "I can tell you,  
that it won't get any better!"

he said "I'll make you feel,  
the way you want to feel"  
he said that "I can make it better!"

BUT I SAID.....

[Chorus]

I've been working hard

didn't get much sleep  
I've been digging damn ditches all fucking week  
gonna quit my job when the paycheck finally comes  
I know I'll be doing all right  
when the liquor store sign is in my sight  
gonna get me a bottle to help me through the night

Sick friend, well I'm a lazy cain  
there's not much hope for this dying cause  
you'd just be wasting your time  
'cause I just spent my last dime  
on a bottle that's gonna help me through,  
a bottle that's gonna help me through,  
a bottle that's gonna get me through this night.
