[Chorus:]

I live alone, in suburban perfection
& I just don't fit in
surrounded by your southern religion
I'm my only friend

Living in the land of hypocrisy
and finding it hard to swallow all your lies
SO I DON'T EVEN TRY!

We're shadowed in the rumor of opportunity
there's piles of money from sea to shining sea
JUST NOT FOR YOU AND ME!

[Chorus]

Everywhere i go i get looked at like I'm crazy
even though its your structure that's driving me insane
I'M NOT THE ONE DERANGED!

There's so many problem and too much confusion
so i just get another tattoo to hide
A DEEPER PAIN INSIDE!!

[Chorus]

all hope is lost the world's turned upside down
it's true the ones you trust are the ones who hurt
HOW CAN IT GET MUCH WORSE!

Better watch your back b/c the street is filled with fear
something's wrong when one kid kills another
SO WHY DESTROY EACH OTHER!

[Chorus]
