Verse 1:

I'm a good friend and an excellent lover
I can fool myself just like no other, person can
I'm turning in to a twisted man
I haven't got time for any selfless deeds
What I do for you, isn't directly for me
I'm a stubborn boy
There's nothing here that you can break or destroy
Then as I count sheep in my bed
A train of worry bullets through my head

Chorus 1:

Last night I dreamt I died alone
Through all my talk of self defeat
The peerful bomb ticks underneath
Last night I dreamt I died alone
From now on I'll cut the cynical speaking
Seems that dream has sent the biggest chill through
me

Verse 2:

Someone once said I don't have any feelings
But I think that emotions can be misleading
And thinking back
I might have nailed the coffin shut with that
As I tend to cry in a room full of laughter
Is the cheese finally, sliding off of it's cracker
I don't know, I'll just prepare myself to let it go
Then as I count sheep in my head
A train of worry bullets through my head
(A woo hoo)

Chorus 2:

Last night I dreamt I died alone
Through all my talk of self defeat
The peerful bomb ticks underneath
Last night I dreamt I died alone
From now on I'll cut the cynical speaking
Seems that dream has sent the biggest chill through
me
Seems that dream has sent the biggest chill through

me
Seems that dream has sent the biggest chill through
me

Outro:

Last night I dreamt I died alone
Apart from when I lost my virginity
I've never been known to frighten easily
